TN Minister for Medical & Family Welfare Thiru MA. Subramanian inaugurates Elekta Infinity, the state of art Linear Accelerator Cancer Radiotherapy equipment at Dr Kamakshi Memorial Hospitals, Chennai

Thirumathi Thamizhachi Thangapandian MP & Thiru Aravind Ramesh MLA also participated in the event as the Guests of Honour.

This Equipment is the only Linear Accelerator in Tamil Nadu to be equipped with Active Breathing Coordinator (ABC) feature that protects Heart, Lungs and surrounding tissues which move with natural respiration while treating Breast and Lung Cancers

Dr. Kamakshi Memorial Hospital inaugurated Elekta Infinity, its newly commissioned Linear Accelerator and the latest cutting edge technology in Cancer Radiotherapy Treatment. The facility was inaugurated on August 29, 2021 by HON'BLE THIRU MA. SUBRAMANIAN, Minister for Health and Family welfare, Government of TamilNadu in the august presence of THIRUMATHI THAMIZHACHI THANGAPANDIAN, Member of Parliament & THIRU ARAVIND RAMESH Member of Legislative Assembly, Sholinganallur (Guests of Honour).

Dr.T.G. Govindarajan Founder Chairman and Managing Director spoke about the genesis of this Hospital tracing its dedication especially to Cancer Treatment and its bid to break the hitherto handheld myth that cancer was

incurable and its determined mission driven by a passion to make cancer treatment available to all strata of the Society at affordable cost levels. According to Dr.T.G Govindarajan, The Elekta Infinity Linear Accelerator with its varied applications and add on features which has been installed at a total cost of around Rs. 20 Crores is arguably the finest quality of Radiotherapy Equipment available today and a real boon to Cancer Patients. Among its highlights, it is the only machine in Tamil Nadu to have been uniquely equipped with Active Breathing Coordinator (ABC) feature which ensures that the normal and healthy tissues surrounding the Heart, Lungs and other organs that move with natural respiration are protected from beams of radiation while treating Breast and Lung cancers.

Dr.T.G. Govindarajan also briefed the gathering on the subtle and salient features of this Equipment. The Elekta Infinity offers Volumetric Modulated Arc Therapy (VMAT), a novel Radiotherapy Technique delivering Speed and utmost precision in treating the tumour to the millimetre precision with negligible damage to the surrounding tissues. Besides this, it has other features like Active Breathing Coordinator™ for Respiratory motion management, BodyFIX® patient immobilization for Precise patient positioning and immobilization, Fraxion™ for Patient-Specific Cranial Immobilization and Symmetry™ for 4D tumor Position visualization all of which ensure delivery of high doses in short periods of time thereby reducing the duration of

the treatment and increasing its efficiency. The Linear Accelerator can be used in treatment of Breast Cancer, Uterine Cervix Cancer, Brain Tumors, Prostate Cancer, Tumors in the Liver & Lungs and even Pediatric Cancers.

Dr. Kamakshi Memorial Hospitals' Oncology team is a dedicated 40 member team of Doctors, 20 from Radiation oncology, five each from Surgical oncology and Medical oncology, and 10 Senior consultants from Neurosurgery, Gynaecology, ENT, Urology, Gastroenterology Pulmonology, Radiology Pathology, Thoracic Surgery and Geriatrics. They cover both diagnostics and treatment methodologies namely surgery, chemotherapy and radiotherapy. The Hospital provides total cancer care under one roof and each member of the team has a contribution at different points of time in the treatment of cancer. No stone is left unturned to ensure the patient recovers fully.

To make this high end treatment available to all sections of Society, Dr. Kamakshi Memorial Hospitals also offers this under the Chief Minister's Comprehensive health Insurance (Tamil Nadu Government's Maruthuva Kapitu Thittam).

S.SRUUTHI AS LORD KRISHNA AND AS MOTHER YASHODA

On Monday, August 30 when everyone across the globe were celebrating Gokulashtami, an annual festival that celebrates the Birth of Lord Krishna, the 8th Avatar of Lord Vishnu, "Kalai Ilamani" S.Sruuthi went down her memory lane when she had played the role of Lord Krishna during her School Anniversary Celebrations and as Mother Yashoda that was posted on her Instagram page and Youtube Channel. When S.Sruuthi had played the role of Krishna, she had portrayed Krishna as a Friend, Philosopher and Guide to Arjuna during the Kurukshetra War. We all know that Krishna had

shared the most valuable thoughts with Arjuna that

we call the Sacred Bhagavad Gita. S.Sruuthi shares that her most favourite part of the Epic is the incident of Krishna reciting the Bhagavad Gita and it was a dream come true for her to have lively enacted the very same role in front of a jam packed audience for four continuous evenings at Kamaraj Memorial Hall!

Mother's love for her children is selfless. They hold a special place in child's heart and their relationship is so pure that it cannot be described in words.

The perfect example of mother and child bond is, the Divine relationship between Yashoda and Krishna. As we all know she is revered more than his biological mother.

As a part of last year's Janmashtami Celebrations S.Sruuthi had decided to post a dance video on her social media handle that projects the divine love given by her as Yashoda

to Krishna who initially was known for his childish pranks but later on poured his unconditional love to her.

Even though Lord Krishna in his childhood was mischievous, his Bhagavad Gita is most revered across the globe. It teaches us a million lessons that is always relevant to us in our daily life.

“AFFORDABLE HOME CARE IN CHENNAI”

As people age, their health starts falling slowly. Some may develop medical issues while others may witness a slow decline in the faculties and body vitals as age catches up. Sometimes, this may lead to medical emergencies. Medical emergencies do not give you advance intimation. Isn't that precisely why it is called an emergency?

So how can the elderly be equipped to deal with medical emergencies? It could happen at a time when nobody is home. Or, it could be that the old parents are living alone. It is important to foresee this situation and plan for it. If nothing unforeseen happens, it is great. God forbid, if an emergency arises, they will be prepared to deal with it. Being equipped and mentally prepared is winning half the battle.

Emergency preparedness Checklist for Seniors: Keep a list of emergency contacts. Stay calm. Keep your medicines well stocked. Ensure you have a medical insurance. Keep your medicines well stocked. Get professional home care. Ambulance assist and hospitalisation support. Care manager support. Post-Operative care.

Keep a list of emergency contacts: It is important to draw up a list of people they could contact in case of emergency. This would include doctors and

immediate family. These numbers should be saved on phone. It should also be written in big bold print and pinned up in every room. This could be life-saving because in an emergency nobody can afford to waste time looking for the right numbers. Any change in numbers should be updated immediately.

Keep your medicines well stocked: Elderly people may be taking several prescription drugs regularly for their ailments including tablets for blood pressure, blood sugar, heart etc. These need to be taken at the prescribed time and any miss or delay can cause problems that can even lead to medical emergencies. The caregiver needs to ensure that the medicines are stocked well in time and monitor their intake. It can be dangerous if the elderly forget to take their medications on time.

Care and Cure At Home provides home care services for the elderly. The home attendant can take care of their daily needs, monitor their health vitals, accompany them on doctor's visits, keep their

medicine box stocked, accompany them on walks and be a companion.

patient to the hospital, arranging the admission and informing the family.

Post-Operative Care: Elderly people would need assistance to recuperate at home after a surgical procedure.
